

Re-Elect

Bill CURRIER

ADAIR VILLAGE MAYOR

Adair Village is a unique historic community with tremendous potential. It is imperative we manage our priorities, including growth, thoughtfully, responsibly and with the guidance of experience. When we consider the needs of the whole community, we create the conditions for lasting success.

There are three main reasons I am running for re-election as your mayor:

1) Representation: *All residents of Adair Village deserve to be included, not just those with special or partisan interests. That's why I've taken the time to walk door-to-door and speak with every resident. Elected officials cannot truly represent their constituents unless they take the time to get to know them.*

2) Accountability: *Open, accessible, and transparent government is a cornerstone of our representative democracy. Officials must be accountable for their actions, and the public should be welcomed into the process of local government. City business should be conducted openly, building confidence through transparency, responsiveness, and trust.*

3) Community: *Most residents are drawn to Adair Village for its affordability, rural setting, and welcoming sense of community. I will continue to lead the city council in incorporating the many helpful ideas residents have shared to further strengthen those qualities and deepen that sense of community.*

General Qualifications

As your mayor and a local business owner, I've applied solid operational practices to city management while fostering an efficient, collaborative council focused on issues residents care about. Our work reflects the community's priorities—public safety, infrastructure, city services, local amenities, business support, and affordable housing. With resident input, Adair Village has grown as a healthy, vibrant community supported by dedicated staff. We've kept costs down, maintained strong service levels, invested in essential updates, expanded housing, supported local businesses, and begun building a new town square to bring people together and strengthen our sense of community.

Current Top Priorities

- Community-oriented growth
- Infrastructure improvements
- Town square and park updates
- Expanded Local business support

Additional Important Goals

- Open and accessible government
- Full support for local volunteers
- City attractiveness and amenities
- Preservation of our unique history

STRONG & EFFECTIVE LEADERSHIP

Endorsements

“Responsible government, integrity and experience with a smile. That’s the kind of city government we enjoy with Mayor Currier. The mayor’s first thoughts when weighing an issue go to the people of Adair Village. He is always willing to listen.

Mayor Currier’s leadership has prioritized clean and plentiful drinking water from our World War II era water treatment plant as well as meaningful progress toward a much-needed update of our wastewater processing facility. While protecting the critical infrastructure of our city Mayor Currier has also led the way in planning for our future.

There is a beautiful downtown project underway that will set Adair Village apart from other small towns in the area. The beginnings of that vision can be seen right now with the paved walking path from the coffee shop to the soon to be built town square pavilion and rest rooms.

Mayor Currier’s leadership made possible the new residential construction at the south end of town. That increase in our population allows the city to secure our infrastructure and build new amenities without raising our city taxes.

Let’s keep moving forward with our experienced mayor!

Join me in voting to re-elect Mayor Bill Currier.”

Bret Ray, City Council Member and Mayor Pro Tem, City of Adair Village
